The Moving Picture Boy entry:

"Chris was the most daffily blond of **"THE BAD NEWS BEARS"**, and one of the least mannerly. Much of his subsequent work was done for TV. The two 1978 roles [**"YOU'RE GONNA LOVE IT HERE"**, **"BIG CITY BOYS"**] were in pilots for CBS sitcom series with Austin Pendleton, and he was in yet another pilot - **"TWO PLUS TWO"** - in 1982, also for CBS (which could well stand for Chris Barnes Station).

"BIG HENRY AND THE POLKA DOT KID" won a mass of awards, including an Emmy as "Outstanding Children's Special". **"THROUGH THE MAGIC PYRAMID"** was directed - well before 1981 in fact - by former child actor Ron Howard."
