

Jerry Barone

Titles: 1 Sources: 0 Stills: 1

Born: US; c1983

Debuted as a 1930s Philadelphia boy living with a widowed mother and a colourful grandfather in the shape of Al Pacino. The film did badly at the US box office, and was never released in the UK. Wait for it on TV. Nothing else is known of him.

On the whole I'd rather be in... (a "JURASSIC PARK" sequel?)
