Picture Show Annual 1958 comment in its "A Welcome to ~ ~ " section :

"Michael Brooke, who received praise for his role in **"THE SECRET PLACE"**, thinks film making is fun but he hopes to be a lawyer when he leaves school. We first saw him in **"THE MAGNET"** and this was followed by **"THE LONG ARM"** and **"X THE UNKNOWN"**. He is very interested in boats and during the summer he lives on the family boat. Our

photograph shows him swabbing the deck.
Another great interest of his is model railways.”
