The Moving Picture Boy entry:

“Luigi Comencini’s screen version of “Misunderstood“, the admirable Victorian novel by Florence Montgomery, is much superior to Jerry Schatzberg’s 1983 remake, which is only made bearable by the peerless honesty of Henry Thomas. The more conventionally good-looking Colagrande (son of a business-man, and discovered by Comencini in Florence) is not quite in Thomas’s league, but gives an immensely touching and dignified performance as the wronged boy who can’t do right in his father’s eyes. Simone Giannozzi plays the charming but irresponsible younger brother.”
