The Silents Majority website caption:

"Bob Steele and Bill Bradbury; from "**THE ADVENTURES OF BOB AND BILL**" (Pathé, 1920). Cowboy star Bob Steele (1907-1988) began his long ride on the screen at the age of 13. If Bob ever took a break from making movies, he must have done it when no one was looking, for his career was packed solid from 1920 to 1973." - Diane MacIntyre
