Presumably this was the name of the boy who played the title character in a superior 1988 Australian children's production. "**CAPTAIN JOHNNO**" is a deaf boy of 12 confronted with the ignorance and stupidity of his small coastal community in the 1950s. The film was galvanised by a strong indignant performance from its lead, who may himself have been deaf. Nothing else is known about him. He's not listed in *The Moving Picture Boy*.
