Bad boys, needless to say, must be soundly flogged. Source: original production still

No further information currently available. Evidently it was a 1980s classroom sitcom for kids with Steven Kember in the (rather laboured) title role. The setting might have been a boarding school, of course, but that would run counter to the egalitarian agenda of the people controlling and producing children's television. From the seventies onwards, Greyfriars was out, "**Grange Hill**" was in. Nothing else is known of Kember.
