Speelfilm Encyclopedie review:

"Seducer Wolf wants to conquer his lover's lovely grand-daughter. A light-hearted erotic version of the classic "Little Red Riding Hood". From any point of view a production of no consequence. * "

No further information currently available. Of no interest to this archive then, except out of a morbid fascination with the subtexts of mainstream heterosexual pornography, and its obsession with the defloration of adolescent (female) "virgins". Most of the conventional canon of children's tales have been looted by the soft porn industry at one time or another, or else eroticised for commercial cinema per se. See, for example, Bud Townsend's "**ALICE IN WONDERLAND**" (76 – aka "Alice in Sexland") or "**CINDERELLA 2000**" (77). Neither does the archive exclude dross which purports to retail the sexual adventures of "schoolgirls" (none of them remotely near school age, of course) because they too reflect one aspect of our culture's stereotyping of childhood and adolescence (the schoolgirl as sex-hungry neophyte).

See subject index under **FANTASY / FAIRY TALES / FOLK TALES** and **SEX & SEXUALITY** for other examples of the children's library raided for adult heterosexual titillation.
