Even the bank robbers are looking younger these days...

Variety International Film Guide 1998 review:

"Elisa, ten years old, precocious *[sic]* and lonely, feels that the end of the world is near because of her family's economic problems. She makes friends with Miguel, a neighbour, and another boy called Paco, and together the kids plan a bank robbery."

No further information currently available. Probably a children's film, although not so identified. Sherlyn Montserrat presumably plays the lead, but this too is unconfirmed. Anyway, a splendid-looking band of desperadoes they make. Robbing banks is *extremely* naughty business, of course, requiring a sound smacking apiece.

See subject index under **BOY MEETS GIRL**, [**SOUTH & CENTRAL AMERICA**](#) and possibly **CRIME / DELINQUENCY**.
