TV Quick note:

“The kids at a holiday music camp have more than crotchets on their mind as they try to catch the ghost they think is lurking in the country estate.”

No further information currently available. If I'm not mistaken, the "**Winners**" series was a showcase for Australian children's TV films, in which case this derives from the same source. Australian children's productions are often amazingly Enid Blytonish, and rarely do they tackle the less jolly aspects of life with conviction. Still, they can sometimes be amusing despite themselves, if not perhaps to their intended audience.
