Speelfilm Encyclopedie review:

"This lovely children's film concerns friends who feel attracted to one another's talents. Anya finds the poems of Pushkin as Vladimir recites them to her an inspiration for her own artistic feelings and growth. US title: "**MY FIRST FRIENDS**". *** "

No further information currently available. Put a question mark against this entry. If the review didn't state so explicitly you would scarcely take it to be a film for children.
