The Time Out Film Guide review:

" "You've been fucked, and you've been fucked good, by one of the best" says kidnapper to kidnapped in this depressing piece of gym-slip rubbish. Heiress naturally falls in love with captors - the woman among them being her domestic science teacher - and proceeds to have it away with all three. That's about it, apart from mild stabs at a fetish or two, and the usual business of blow-job and rapes being performed with the trousers firmly fastened. Guarantees a high walk-out rate even on a wet afternoon."

No further information currently available. Even the title is a nasty little pun. Garbage of this sort is perhaps permissibly ignored by the literature, and since it will contain nobody remotely near 16 it strictly has no interest to this archive. However, mainstream "schoolgirl" pornography has been intentionally included - particularly those titles which affect to be pastiches of children's literature ("*Alice in Wonderland*", "*Little Red Riding Hood*") - for the hypocrisy they expose. Such films were never made to gratify paedophile appetites (and would doubtless repel most paedophiles as quickly as they would most parents) but ordinary **Sun**-reader ones. The rape of "schoolgirls" as good harmless fun.

See subject index under [KIDNAPPING](#), and under [SEX & SEXUALITY](#) for a sub-section on comparable "gymslip" pornography titles.
