The Movie and TV Spanking Page note:

“An Australian children’s series set in the 1930’s. Here, naughty ten-year old Jimmy has been grounded. His grandmother catches him attempting to sneak out of the house bottom-first via the bathroom window. She picks up a handy scrubbing brush and uses it appropriately.”

No further information currently available. Unsatisfying as it may be when one seeks a more general description of a film or series, websites of this ilk by definition have a very narrow focus of attention. Nevertheless they do signal the existence of titles, such as this one, not otherwise mentioned elsewhere.
